

2021 AutoSched Training Schedule

Course Dates

To Be Determined

Course Description

Beginning AutoSched (Virtual)

Due to the current global pandemic, training classes will be held virtually based on customer demand. The virtual classes will be held in 4-hour blocks to provide flexibility for today's work environment. Once the pandemic is over, we hope to return to face-to-face instruction.

Beginning AutoSched Training Class Agenda

Module #	Description	Module #	Description
1	Class Introduction	11	Complex Routes I
2	Model Editor	12	Complex Routes II
